

Yealink T42G Setup Guide

To configure the Yealink T42G to your Montec Group account, first retrieve the IP Address so that you can log into the 'Web Configuration' via your computer. To do this, the 'OK' button in the middle of the D-Pad. The IP Address should show up in the Status Page. Enter The IP Address into your web browser.

Once you are on the Web Configuration page enter the username and password. By default the username will be 'admin' and the Password will be 'admin'.

Once you have successfully logged in, click on the 'Account' tab across the top. Here you will place your Extension information and the SIP Server (***sip.monconnect.com.au*** for Residential and Sip Trunk accounts, and ***pbx.monconnect.com.au*** for Hosted PBX accounts) as the bellow screenshot shows:

The screenshot shows the 'Account' configuration page for 'Account 1'. The 'Advanced' tab is selected in the left sidebar. The main configuration area is divided into sections: 'Account', 'SIP Server 1', and 'SIP Server 2'. The 'SIP Server 1' section is highlighted with green boxes around the following fields: 'Line Active' (Enabled), 'Label' (Optional), 'Display Name' (Optional), 'Register Name' (Extension Number), 'User Name' (Extension Number), 'Password' (Extension Password), 'Outbound Proxy Server' (pbx.monconnect.com.au), 'Transport' (UDP), 'Server Host' (pbx.monconnect.com.au), and 'Server Expires' (120). The 'SIP Server 2' section has 'Server Expires' (3600) highlighted. A 'NOTE' panel on the right provides definitions for 'Display Name', 'Register Name', 'User Name', and 'NAT Traversal'. At the bottom, there are 'Confirm' and 'Cancel' buttons.

| Field | Value | Port |
|------------------------------|-----------------------|------|
| Register Status | Registered | |
| Line Active | Enabled | |
| Label | Optional | |
| Display Name | Optional | |
| Register Name | Extension Number | |
| User Name | Extension Number | |
| Password | Extension Password | |
| Enable Outbound Proxy Server | Enabled | |
| Outbound Proxy Server | pbx.monconnect.com.au | 5060 |
| Transport | UDP | |
| NAT | Disabled | |
| STUN Server | | 3478 |
| SIP Server 1 | | |
| Server Host | pbx.monconnect.com.au | 5060 |
| Server Expires | 120 | |
| Server Retry Counts | 3 | |
| SIP Server 2 | | |
| Server Host | | 5060 |
| Server Expires | 3600 | |
| Server Retry Counts | 3 | |

Hit the 'Confirm' Button at the bottom of the page to save the details. Once the page has reloaded, click on advanced and type '50002' into the 'Voicemail' field. This is the voicemail number. Again hit 'Confirm' to save the settings.

Next, click on the 'DSSKey' tab at the top. In here you will configure the multiple lines for the once extension, allowing you to make and receive multiple calls through your extension number.

| Key | Type | Value | Label | Line | Extension |
|-----------|------------|---------|-------|--------|-----------|
| Line Key1 | Line | Default | | Line 1 | |
| Line Key2 | Line | Default | | Line 1 | |
| Line Key3 | Line | Default | | Line 1 | |
| Line Key4 | Line | Default | | Line 1 | |
| Line Key5 | Line | Default | | Line 1 | |
| Line Key6 | Speed Dial | | | Line 1 | |
| Line Key7 | Speed Dial | | | Line 1 | |
| Line Key8 | Speed Dial | | | Line 1 | |
| Line Key9 | Speed Dial | | | Line 1 | |

NOTE

Key Type
The free function key 'Types' Speed Dial, Key Event, Intercom.

Key Event
Key events are predefined shortcuts to phone and call functions.

Intercom
Enable the 'Intercom' mode and it is useful in an office environment as a quick access to connect to the operator or the secretary.

Copyright © 1998-2012 **Inc. All Rights Reserved

Feel free to also setup some Speed Dials for important numbers. If you would like to setup BLF (Busy Lamp Field) to see the status of the other extensions please refer to the *BLF Guide* for this phone model on the Montec Group website.

Now that the lines have been configured, you will now want to set the time zone and time format, which can be done under the top 'Settings' tab, and then the 'Time and Date' button on the left.

At this point, the phone should be ready to go. If you have any troubles making and receiving calls from here on in, please give Montec Group a call on **1300 011 585**.
